

Dear Friend:

Citizens of Newark who are dissatisfied with the systematic exclusion of Negroes from supervisory and administrative employment in the Newark public school system are urged to attend the meeting of the City Council, Tuesday, August 9th at the City Hall. The meeting will begin at 7:30 P. M.

Speakers will tell the members of the Council that a substantial part of the total community is disturbed because there has been no Negro principal appointed in Newark for 96 years. The superintendent of schools has recommended the use of an eligibility list recently established even though the Board of Education's own fact-finding committee has found nine practices in the examination procedure out of which the list came which it severely criticized. If this list is used, the probability that a Negro will serve as a vice-principal in the near future is remote. Under present Board policy, 5 years service as a vice-principal is a requirement for eligibility to take the principal's examination.

Your presence at Tuesday's meeting will register your disapproval of the undemocratic by-passing of competent, qualified Negro teachers in Newark.

Let's unite in this demand for equality in education in our community.
